

POLI-WALL Wall Coverings

Product Information

POLI-WALL is a range of digital printable wall coverings on the basis of a special paper fleece with an embossed PVC-topcoat. POLI-WALL guarantees an excellent print quality and has a unique soft touch.

POLI-WALL is printable with all common inkjet printers using eco-solvent, solvent and UV curable inks.

POLI-WALL is available in 10 outstanding designs in white and silver and can be applied indoors with all commercial wall paper pastes (for heavy wall paper).

The following characteristics are to be especially emphasised:

- B1 Certified (flame retardant, non dripping) and B2 Certified (DIN 4102-1)
- Printed design is scratch resistant and wet cleanable
- Dimensional stable
- UV stable
- Easy applicable and easy removable
- Paintable with acrylic and dispersion colours

POLI-WALL can be used for decorating business rooms, exhibitions, lobby bars, clubs, hotels, shops, restaurants, sky lounges and more.
