

# TECHNICAL DATA SHEET

**DEP PRODUCT CODE**     **IJSP 180/VC**

## PRODUCT

**IJSP 180/VC** is a 180 micron tear resistant polypropylene film with a specially formulated coating for eco solvent and UV based Inkjet printers.

## DESCRIPTION

- **Base film**  
The base is 180 micron extruded white polypropylene film which is tear resistant in both directions. It has excellent chemical and water resistant and can be punched, eyeleted, stitched, glued and creased.
- **Surface coating**  
The surface coating has optimised thickness and has been specially formulated to accept eco solvent and UV based Inkjet printing.

## APPLICATION

The product would be of particular interest to those producing exhibition and display graphics. Due to the strength of the material it is ideal for Pop-up systems and banners.

## SLIT WIDTH

1270mm

914mm

610mm

## SHELF LIFE

One year

The material should be kept in its original packaging and stored in clean dry conditions – ideally 20°C and 50% humidity

## RECOMMENDATION

The printer should test the product for their specific application prior to running/printing the final product.

**April 2013**
