

Data Sheet – Gloss 350 Clear

350Mic GLOSS PVC / PERM / 70 PE KRAFT LINER (1 side silicon)

General

Gloss clear PVC is a clear glossy PVC overlaminating film which is coated with a permanent acrylic adhesive suitable for over lamination of all ink types including **UV** inks. The high glossy finish gives excellent glossy properties and therefore this product is commonly used for motor sport overlamination where a glossy clear durable finish is required. It is typically used with our SAV GW B white high tack blackout SAV .

TYPICAL AVAILABLE WIDTHS: 1530mm
